

MEMBERSHIP APPLICATION

VOICES members are volunteers with lived experiences of domestic and/or sexual violence as an adult or child who join together to celebrate strength and survival and use their voices to help others through advocacy, education, and empowerment. Members of VOICES should be safe from ongoing violence, not currently in court proceedings regarding the violence and have actively participated in healing from their experience.

As survivors, VOICES members can offer a unique perspective regarding the community response to domestic and sexual violence, the Family Justice Center, and provide survivor input on services and/or identify gaps in services.
